

HASTINGS ADVENTURE PLAYGROUND REGISTRATION AND CONSENT FORM

This registration form provides relevant details so that we can provide the best possible play provision for your child. Please complete all the questions and give as much information as possible. No information that is given here will affect their ability to attend. This information will only be accessible to the staff or others whom the law requires us to disclose it to. We will store paper files in a secure office and all information will be recorded on an electronic database. We will contact you, by email, during the Autumn term each year to check the details are still valid. You can request for the paper copies to be destroyed and to be removed from the database at any time.

The aim of Hastings Adventure Playground is to provide an environment that supports children's play and a space that reaches out to meet needs within the community.

We are creating a place where no matter what, children and their play is completely at the centre of everything we will be doing.

Our core work is about providing a place where the children can play without judgement or instruction from adults as this provides them with a much richer play experience and is fundamental for development.

Hastings Adventure Playground is completely free for the community and is a space where the children can socialise with their peers and find exciting things to do with their time. There will be opportunities to build and garden, use the fire pit, run freely around the site as well as materials for art and craft, sport and games.

The playground is staffed by playworkers whose role is to ensure that children can play without interruption, without interference and in ways of their own choosing.

Children all the way up to their 18th birthday will have the opportunity to build structures, engage with the natural world, be creative, have adventures, meet old friends and make new ones.

Hastings Adventure playground is operated by the in2play CIC a social enterprise which is a non-profit making organisation.
